# Section 1

## Overview and important information

# Applying to UK Universities: Overview

1. Start your UCAS account online.
2. Approach your CT directly to request for a reference.
3. Check university websites for course outlines and admission requirements.
4. Register and sit for admission tests, where relevant.
5. Double-check your UCAS application (name, subjects listed, etc.) before you submit it.
6. Submit your UCAS application well before our **internal** deadline. Your application reaches your CT.
7. Your CT completes the teacher reference and submits the full completed application to UCAS by the official UCAS deadline.

**Note:** *Certain universities & courses have additional requirements. Read the application instructions of your desired universities/courses closely.  
Adhere to all **internal RI deadlines** for applications. Refer to Slide #11 for this.*

# What is UCAS?

- <https://www.ucas.com/>
- UCAS, the Universities and Colleges Admissions Service, is an independent charity, and the UK's shared admissions service for higher education.
- What is submitted to UCAS?
  - Your personal information
  - Your university course choices and personal statement
  - Your academic grades from Year 4/O Levels and A Levels
  - Your CT's teacher reference

# Important information before you begin

- You submit 1 personal statement for all your course choices. Hence all your course choices must be within a similar field.
- You send off your UCAS statement once. I.e., if you are applying for courses with an October deadline, you will submit your UCAS application to all other courses/unis in your list by Oct.
- You can make a max. of 5 course choices with the *following exception*:
  - Up to 4 course choices for Med/VetMed/VetSci/Dentistry.
  - You can include a 5th choice in another related course. E.g. You may apply for 4 Med courses and 1 Biomedical Sciences course.
- You can only make 1 course choice in either Cambridge or Oxford, not both.
- Universities consider all applications submitted by the UCAS deadline. They cannot see where else you have applied to.
- Payment is made directly to UCAS online (by credit card), not through RI.

THE BUZZWORD FOR THIS CYCLE IS Raffles2024

# Important information before you begin

- All RI applicants apply through RI as your school, in order for us to verify, process and submit your application. Your CT will not be able to furnish a reference nor authenticate your app if you apply as an individual.
- You can start your UCAS accounts from 10 July 2023. Completed applications can only be submitted to UCAS from 5 Sep 2023.
- Fill in the sections carefully. Save your progress over several sittings to give yourself time complete your form carefully.
- You need to have 1 reference submitted in support of your application. Your reference is written and submitted by your Civics Tutor.
- You need to complete your UCAS statement and make payment before your CT can complete his/her portion and send your application off. So, be sure to complete your application well ahead of our internal deadlines.
- Plan ahead. It is your responsibility to adhere to RI internal deadlines.

THE BUZZWORD FOR THIS CYCLE IS Raffles2024

# Requesting for References

- Approach your CT personally for a reference based on our internal timeline (available on our IVY HEO course or our open website for alumni).
- Do not wait until you are done with your statement or make last minute decisions to apply. Your teachers need time to help you properly too.
- Should it be necessary, you may furnish your CT with a 1-page write-up with information on:
  - The courses you are applying to
  - Your related academic interests, e.g. the topic you most enjoyed and why
  - Academic enrichment activities, where available
  - Non-academic activities
  - Any other information requested by your CT

# Complete your Experience

- **Education**

- You've completed the most tedious part of the application!
- Take a break!

- **Employment**

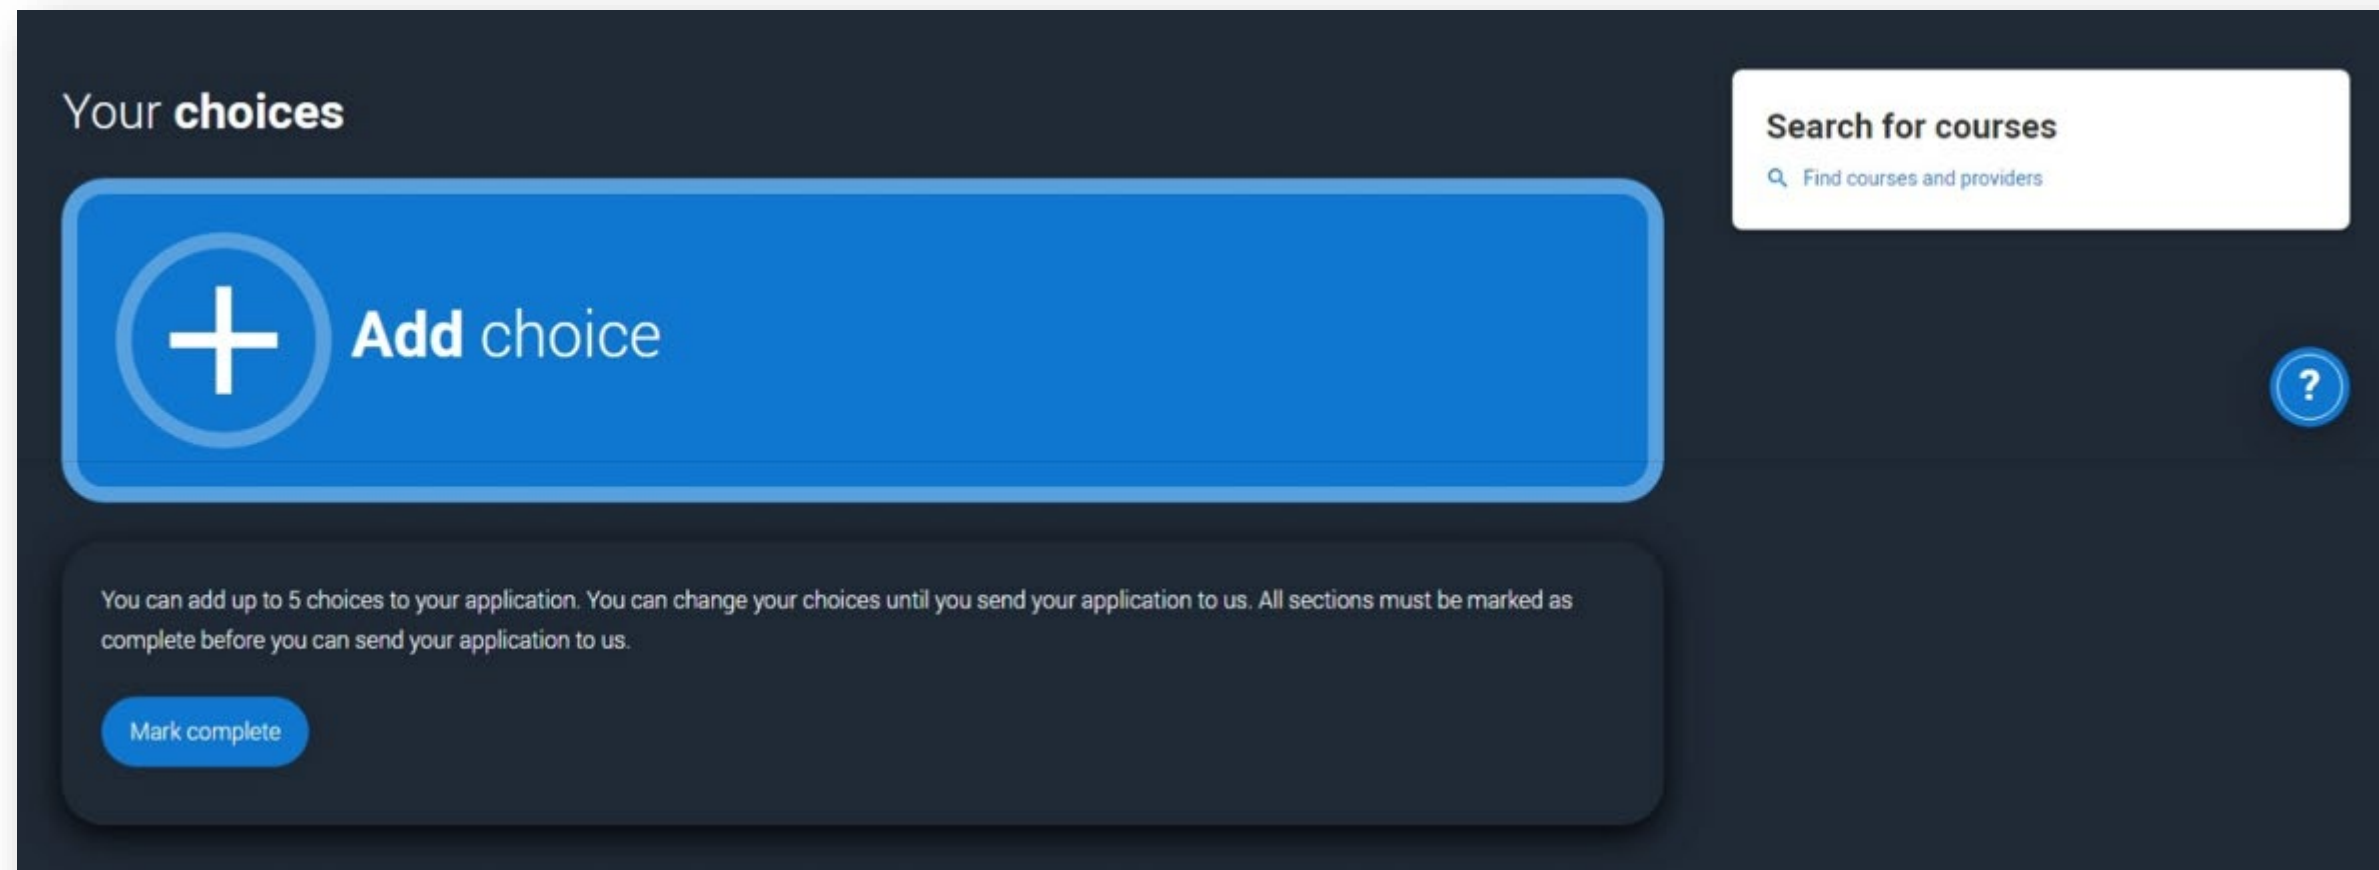

- Only paid employment is considered in this section. There's no need to add unpaid internships, attachments or short-term / part-time employment.
- For most of you, this section will be blank. Simply mark it as complete and save.
- National Service: You do not need to include this. However, you may wish to include if there are skillsets which are directly relevant to the course you are applying for, that you elaborated about in your statement.

The image shows a dark blue header with the word "Experience" in white. Below the header are two white rounded rectangular boxes. The left box is titled "Education" and contains the text "Qualifications and periods of study". The right box is titled "Employment" and contains the text "Paid employment". Both boxes have a green bar at the bottom with a white checkmark and the text "Section complete".

# Course Choices

- Before you begin this section, you should already have a list of up to 5 choices. You will need:
  - Name of the university
  - Exact name of the course (including the course code)
  - Location (for Oxbridge applications, you should also have decided on your College)

# Add choice

- **Location:**

- Oxford / Cambridge – you may select a college or select “Open Application”.
- Other universities – select whichever is applicable.

- **Start date:**

- For **1 year** deferral, select 2025.
- Do check the uni websites on deferment policy if you intend to start school in 2025.

For current Y6s who will serve NS: refer to slide #53 for more details.

- Select 2025. Leave room in your personal statement to explicitly state that you have a 2-year NS commitment and will only enrol in Fall 2026. OR: leave a similar comment in *Further Details* under *Add Choice*.
- The majors of Medicine and Mathematics, and LSE, do **not** defer for 2 years, so if you wish to apply to these, you should **not** be applying this cycle.

The screenshot shows the 'Edit choice' form with the following fields and values:

- University/college name \***: University of Oxford
- Course \***: Archaeology and Anthropology (Course code: LV64)
- Location \***: Open Application (Course campus location)
- Start date \***: 06 October 2024 (dropdown menu is open showing 06 October 2024 and 06 October 2025)
- Point of entry**: 1st year (dropdown menu)
- Live at home while studying? \***: No (radio button selected)

Red arrows point from the text on the left to the 'Open Application' dropdown and the '06 October 2025' option in the 'Start date' dropdown. A red box highlights the '1st year' dropdown and the 'Live at home while studying?' section.

# Important reminder for those serving NS

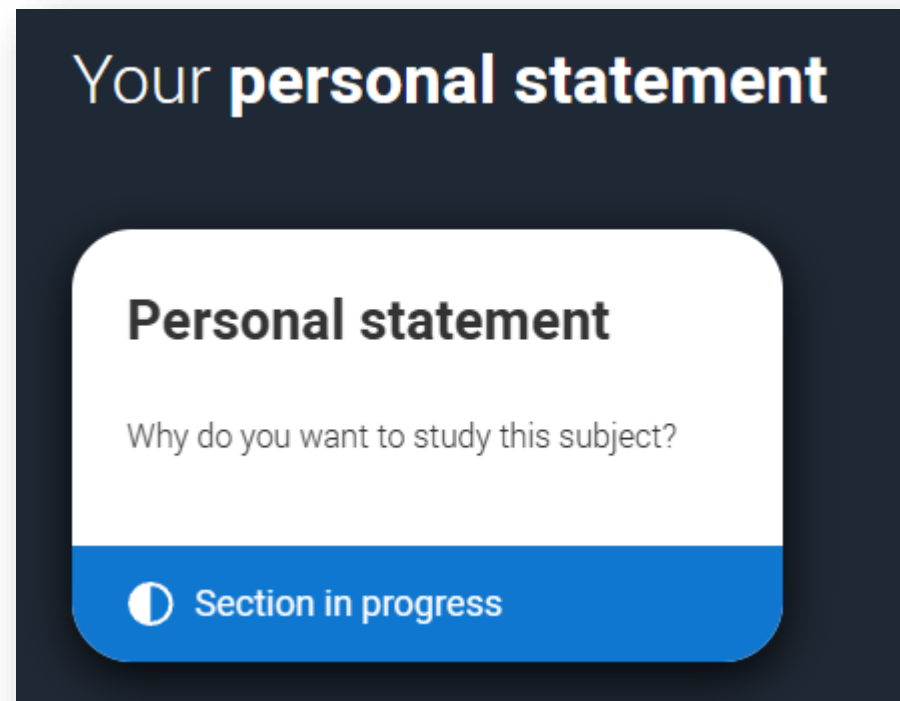

1. In *which year do you want to start your studies*—select **2024** (see slide #15)
2. For *date of first entry to the UK*—simply put the furthest date you can (see slide #26).
3. When you *Add Choice*, under *Course start date*—select dd/mm/**2025** (see slide #50). This is for a one-year deferral.
4. For current Y6s who will be going to NS: leave room for a footnote in your personal statement, that due to mandatory military service, you will require a 2-year deferral, entering university from Fall 2026. You can opt to do the same in *Further Details* under the *Add Choice* bit. Essentially, be explicit about this.

## #HEOprotip:

- **Read university policies closely – not all schools defer places for 2 years.** If in doubt, email the university admission office. Note that the majors of Mathematics & Medicine, and LSE, do not defer for two years.
- You should **not** be applying this year if your dream UK school/course does not defer for 2 years.
- As you still have time over the next 2 years, you should **only** apply to schools that, if offered, you would **definitely** accept. This is as UCAS will require you to turn down all offers in order to reapply.
- If after consideration, you decide to focus on the A Levels and apply next year instead, that's fine. There is absolutely no rush.

# Personal Statement

- Before you begin, refer to HEO resources for writing the UK statement.
  - Year 6 students: all resources are on Ivy
  - Alumni: refer to <http://www.ri.edu.sg/school-life/higher-education-office>
  - UCAS also has a guide: <https://www.ucas.com/undergraduate/applying-university/writing-personal-statement/how-write-personal-statement>

## TIP - Demonstrate the following:

- You understand the nature and demands of your selected course.
- You have relevant **background knowledge of selected discipline** gained from lessons, academic enrichment, work experiences, other co-curricular activities, etc.
- You have the **requisite academic skills** to pursue the selected course. These could be critical thinking, multidisciplinary understanding, precision skills, etc.

*Demonstrate* these by engaging with issues instead of merely *listing* the skills involved or the activities you had participated in.
